

Sahara DDM2

Alexandria DDM2

Textured Duroplex Dimensional Metals 2 are finishes designed to add beauty to today's interiors

Capture the metallic reflection of “Old World Metallurgy” to unite the performance characteristics and moderate cost of Duroplex[®] with the aesthetic appeal of metallic finishes. Duroplex Dimensional Metals 2 (DDM2) is “Duroplex” tough; appropriate for use in higher traffic areas. Design options include metallic patinas in INCA GOLD, STAINLESS STEEL, RUST, OXIDATION, WELDERS ARC (purple hue) and ELECTRIC ORANGE.

DDM2 finishes are typically achieved over medium toned or pigment rich backgrounds of Duroplex textures; standard textural effects include: LUXOR (light stomp base), SAHARA (Tuscany base), ALEXANDRIA (textured float base) and CAIRO (travertino base). Note – Pastel backgrounds do not provide the proper expression of the finish.

Duroplex Dimensional Metals 2 work in all sorts of themed environments, from public forums, such as exposition venues and gaming facilities. to more sedate corporate interiors.

Georgia Aquarium, Atlanta, GA

6 STANDARD METALLIC WASHES

Choose from INCA GOLD, STAINLESS STEEL, RUST, OXIDATION, WELDERS ARC (purple hue), ELECTRIC ORANGE patinas and glazes to a number of the Duroplex finishes. Shown below in DDM2 Sahara texture.

DUROPLEX Dimensional Metals 2

PERFORMANCE FEATURES

- 6 standard metallic stains over 86 standard base colors
- Washable
- Abrasion resistance – over 8000 scrub cycles
- Breathable – perm rate of 28
- Class “A” – noncombustible
- Environmentally friendly
- Typically installed \$3 – \$5/sqft*
- 10-year limited material warranty
- 10-year limited material warranty against surface mold or mildew growth
- 80% as hard as mild steel
- Integral color and colorfast
- Most finishes easily patched
- Low VOC

*Based upon 10,000 sqft, 9' ceiling height and average labor rate of \$25/hr.
