

Plexture® “knock-down” Texture Repair Kit

TRIARCH® Fine Architectural Finishes

New and easy to use, the Plexture Repair Kit is designed to facilitate the repair of scratches, scrapes and dings in walls that display a Plexture finish. The kit contains all the necessary hand tools and instructions to properly perform localized repairs of the Plexture finish.

Rooms can be returned to active service on the day of the repair!

Results will vary by skill of the mechanic performing the repairs. Not all damage is locally repairable; consult instructions for more information. Plexture material is not included, but is sold separately.

Price: \$75 - plus freight and tax. (most major credit cards accepted)
