

DESCRIPTION

An interior, lime and ground marble based thin coat plaster finish system, designed to deliver a sophisticated & decorative finish for the commercial and residential marketplace. Finish options include: gloss, matte, waxed, unwaxed, stencils, metallics, and multi color blends. Refer to e-document **T651 "Technical Overview"** for more detailed system explanation.

SPATULA STUHHI ADVANTAGES

NO SPECIAL SUBSTRATE NEEDED

Applies to all clean, sound, unpainted drywall, concrete, masonry or wood substrates. Requires minimum of a level 4 or equivalent type drywall finish for the substrate.

10-YEAR WRITTEN WARRANTY

When entire system is applied, Spatula Stuhhi plaster carries a 10 year warranty against peeling, delamination, cracking and chalking.

INSTALLATION

Consists of a special primer (GEXXO™) and a 2 or 3 coat steel trowel application process of the selected special mineral plaster to produce the desired finish. After initial cure special

high pH resistant waxes are used to finish the effect and provide soiling resistance.

Mineral plaster options include:

- Classico (item 1001),
- OPACO (item 1014)
- Spirito Libero (item 1060)

Optional wax topcoat to seal the surface is also available. Additional optional effects can include metallic and stencil effects.

MILDEW RESISTANT

High alkaline formula helps to prevent mold or mildew growth on the surface of the plaster.

DESIGN OPTIONS

Include a wide range of color options, as well as either a gloss (Classico) or various matte finishes (Marmo, OPACO of Spirito Libero). Additional effects include an embedded stencil system, metallic, and multi color effects. Optional wax topcoat improves washability. Call TRIARCH for samples, color charts, or a design binder or visit our website at www.triarchinc.com.

DELIVERY TIME

Most orders leave a regional warehouse within 2-3 days.

FACTORY TRAINING

Factory trained applicators available nationally.*

COST

Most projects install between \$5.00 - \$10.00 per sq. ft; depending upon quantity, wall height, local labor rates and color. Job conditions may also affect installed price.

PRODUCT DATA

SPECIFICATIONS

- Lime and marble based plaster
- Zero VOC, APEO free pigments, integral & colorfast.
- Ultraviolet, wet/dry, heat/chill no failures
- ASTM E-84, Flame spread = 8.5, Smoke contribution = 0.0
- Incombustible

SHIPPING AND STORAGE

- Available in 24 kilo pails (5 gallon pails) or 8 kilo pails
- Pigment system may be factory pre-mixed or shipped separately at customer request.
- Protect from freezing
- Protect from heat over 100°F.
- 1 year shelf life

FINISH

Applied film thickness is approximately 10 mils. Finish must be trowel applied and be a multi coat system with our primer for warranty to apply.
