

Notable Project Profile

Job Name:	DISNEY'S ANIMAL KINGDOM LODGE & EXPANSION
Location:	Lake Buena Vista, FL
Product/Texture:	Duroplex® Ancient Stone
Project Size:	Just under 600 suites, totaling almost 1.0 million square feet in Duroplex
Installer:	Commercial Coatings – Orlando
G.C.	Balfour Beatty

In 2001, Duroplex was selected by both the design team and owner's group as the interior wall finish for all 1293 guest rooms for this exciting non-traditional resort to be located at the Disney theme park in Lake Buena Vista, Florida. The collaborative design team of Denver based Urban Design Group, Avery Brooks & Associates (ABA) Las Vegas, and Jeffrey Beers International (NYC) delivered a world class resort themed on "the Africa experience" on the western edge of Disney's famed Orlando area compound.
